

## Board of Directors

Meeting date: May 21, 2025

Agenda Item #: 10

### Discussion of the Building Policy Collaborative Jurisdictional Support Subaward Program

Agenda item type: Action item

#### Summary

Review and discussion of the proposed Jurisdictional Support Subaward Program policy document, consisting of \$34.8 million in subawards to DRCOG's member governments for staff capacity and resources to help local governments adopt and implement ambitious building decarbonization policies.

#### Background

The Jurisdictional Support Subaward Program is one of the three components of the Building Policy Collaborative and consists of \$34.8 million in subawards to DRCOG's member governments for staff capacity and other resources necessary to help local governments adopt and implement building decarbonization policies that will improve building energy efficiency and reduce greenhouse gas emissions. These awards will support local governments with implementation of electric preferred energy codes by 2030, streamlined heat pump permitting, benchmarking policies, and other policies.

DRCOG will administer subawards to member governments through a formula awards program, the Jurisdictional Support Subawards. DRCOG staff will provide an overview of the Jurisdictional Support Subawards, including eligible uses, the funding formula, requirements, and timeline and discuss upcoming steps to operationalize the Jurisdictional Support Subaward Program.

#### Action by others

[May 6, 2025](#) – Regional Building Decarbonization Technical Committee recommended approval

[May 9, 2025](#) – Regional Building Decarbonization Oversight Committee recommended approval

#### Previous discussion/action

[May 7, 2025 – Board Work Session](#)

#### Recommendation

Move to approve the Building Policy Collaborative Jurisdictional Support Subawards Policy.

#### Attachment

Jurisdictional Support Subawards Policy – adoption draft
