Agenda item type: Consent agenda

Summary

This action regards recommended awards for Human Services Transportation set-aside funding for the Denver-Aurora Urbanized area for the period beginning July 1, 2025, and ending June 30, 2026.

Background

As part of the 2024-2027 Transportation Improvement Program, the Denver Regional Council of Governments set aside \$8 million for Human Services Transportation. The Human Services Transportation Set-aside is funded partially with Multimodal Transportation and Mitigation Options Fund money and Congestion Mitigation and Air Quality funding.

DRCOG released a call for projects for the Human Services Transportation Set-aside funding in fall of 2024 for projects beginning July 1, 2025 and ending June 30, 2026. These projects were reviewed by an independent panel of experts and stakeholders in the region and scored based on the criteria outlined in DRCOG's Federal Transit Administration Section 5310 Program Management Plan. The recommended projects from that call were presented to the Board of Directors for approval at the April 2025 meeting. Once projects are selected, DRCOG staff allocates the recommended projects to the appropriate funding source based on project eligibility. Of the Human Services Transportation projects presented to the Board of Directors, DRCOG anticipates that the CMAQ funding will be flexed to the Federal Transit Administration and that DRCOG will administer the subawards. As such, a revenue contract with the FTA will need to be executed, as well as subawards with the selected recipients.
