| Application Weight           | E1              | None.                            | 10% for Regional Share. Section will remain for the Subregional Share, but will not be scored.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
| How Regional is the Project? | E2              |                                  | This section will be automatically scored based on whether or not the applicant has marked yes on previous application checkboxes located in the project elements section of Section A. There is a total of seven checkboxes used to configure the score in this section. The following checkboxes are used:<br>- Does the project add new or expanded transit service?<br>- Is the project on one of the DRCOG Critical Corridors on the Regional High Injury Network?<br>- Does the project touch or is in one of the 15 DRCOG freight clusters?<br>- Is the project located on any tier of the Regional Highway Freight Vision Network?<br>- Is the project located on a roadway identified as a Top 10 Bottleneck Segment?<br>- Does this project close a gap or extend a facility on a Regional Active Transportation Corridor or locally-defined priority network?<br>- Does this project improve pedestrian accessibility and connectivity in a pedestrian focus area or short trip opportunity zone? | Text altered to "...previous application checkboxes located in the RTP Priorities section of Section C."<br><br>Transit question altered to "...project implement a portion of the Fiscally Constrained Rapid Transit Network?"<br><br>Proposed scoring: The percentage in Section E will be automatically calculated based on the number of checkboxes marked in Section C as compared to the total available in the section (e.g., 4/7 = 57.1%). Then a percentage range will be developed to provide a 0-5 score. |
