Strategic Topics

Multi-agency ticketing and trip planning integration efforts

Colorado Department of Transportation Digital Mobility Hub Project

- Aims to develop an easy-to-use mobile application and web platform that allows the public to plan their entire trip and pay online
- Phase one – statewide GFTS project that publishes transit data to be consumed by a wide variety of apps (such as Google Maps)
- Phase two – App with trip planning and universal ticketing
- Phase three – expansion!
- Testing with various agencies
- Buses first for rollout
- Benefits include: statewide program, reduction in GHG emissions, real time, mobile devices, reservations, trip planning and scheduling, universal mobile ticketing, meet requirements in SB24-032, multiple jurisdictions and agencies

- Communicating with RTD to see where they may collaborate

Regional Transportation District Accelerating Innovative Mobility Project

- Integrated trip planning and a single fare
- Different types of integration
- One app for everything – don't have to switch to different apps
- Live March 1st with a two year demo period
- Complicated project
- No custom app meant faster implementation and better ongoing support

Denver Regional Council of Governments Non-Discrimination Program

- Longer update coming soon
- Changing definitions in equity index
- Transportation investment analysis
- Limited English Proficiency- data update
- ADA program access program – growing substantially.
- Public review period mid-June thru mid-July. Deadline: October 1

Agency News

CDOT

- GHG transportation report accepted by commission
- Developing guidance to support CDOT planners
- US-85 – Kings Valley project – have not identified non-federal match yet
- South program engineer program position has been filled

FHWA

- Direct recipient grant – some projects delays
- Met with SS4A recipients to answer questions and go through requirements

RTD

- Announced transit assistance grant awards
- May service changes go into effect May 26th

DRCOG

- Board adopted strategic update to Taking Action on Regional Vision Zero plan

Administrative Items

Upcoming committee/board/commission agenda previews

DRCOG

- April TAC meeting is pretty busy – folks are encouraged to attend

- RTC and Board meetings will likely be cancelled in June

CDOT

- STAC packet going out tomorrow and next meeting is May 2nd in-person
- 2050 statewide plan overview
- FHWA presenting
- Hoping to have program distribution discussion at next commission meeting
- Proposing adoption of new STIP

RTD

- Board meets April 30th
- Extending mobile ticketing contract
- Property and station naming policies

Federal discretionary grants awards tracker

In Teams channel – living document to update over time

Agenda Topics for Next Meeting

- May: Unified Planning Work Program Mid-Year Review
- Possibly canceling ACT in June
- Future topics: Burnham Yard update, others?– email Jacob or put them in the Teams channel
