Dear DRCOG staff:

Arapahoe County is pleased to submit a 2024-2027 TIP Call #3 application for the High Line Canal Trail underpass at Quebec. The High Line Canal Trail is an important recreational amenity that provides 72 miles of multi-use trail through multiple communities in the Denver metropolitan area. The Canal connects over 8,000 acres of adjacent open space from state parks to pocket parks and sees over 500,000 users annually. It passes through 11 jurisdictions, 13 existing underpasses, 13 regional trail connections, and 85 at-grade crossings.

The County recently completed a 30% design of seven proposed underpasses along the Canal and the underpass at Quebec was one of four that was deemed feasible. This underpass location is important as it will eliminate the conflict between trail users and motorists and will best address considerable safety concerns and trail user delays at the intersection of the Canal and Quebec.

The County has been working with the Denver Parks and Recreation which supports the project and is willing to provide the required local match for the TIP application.

This letter is intended to convey Arapahoe County Commissioner support for the High Line Canal Trail underpass at Quebec. Please share this support with other members of the Selection Committee. If you have any questions or need additional information regarding this project and involvement of Arapahoe County, please do not hesitate to contact me at your convenience.

Sincerely,

Carrie Warren-Gully, County Commissioner District 2
Arapahoe County Board of County Commissioner Chair Pro Tem
