SE Boulder County SuperFlex Demand-Responsive Transit Service

List of Exhibits

Exhibit 1: Example Vehicles

Exhibit 2: SE Boulder County Transit Needs Index

Exhibit 3: SuperFlex Service Area

Exhibit 1: Example Vehicles

The proposed SuperFlex vehicles will be 14-passenger, cutaway buses similar to those currently used by RTD FlexRide and Ride Free Lafayette.

RTD Louisville FlexRide

Ride Free Lafayette

Exhibit 2: SE Boulder County Transit Needs Index

Below is an East Boulder County Transit Needs Index from the 2021 Mobility and Access for All Ages and Abilities Plan, which was created to highlight the Census Block Groups with the highest proportions of older adults, people with disabilities, people with low incomes, and youth (relative density).

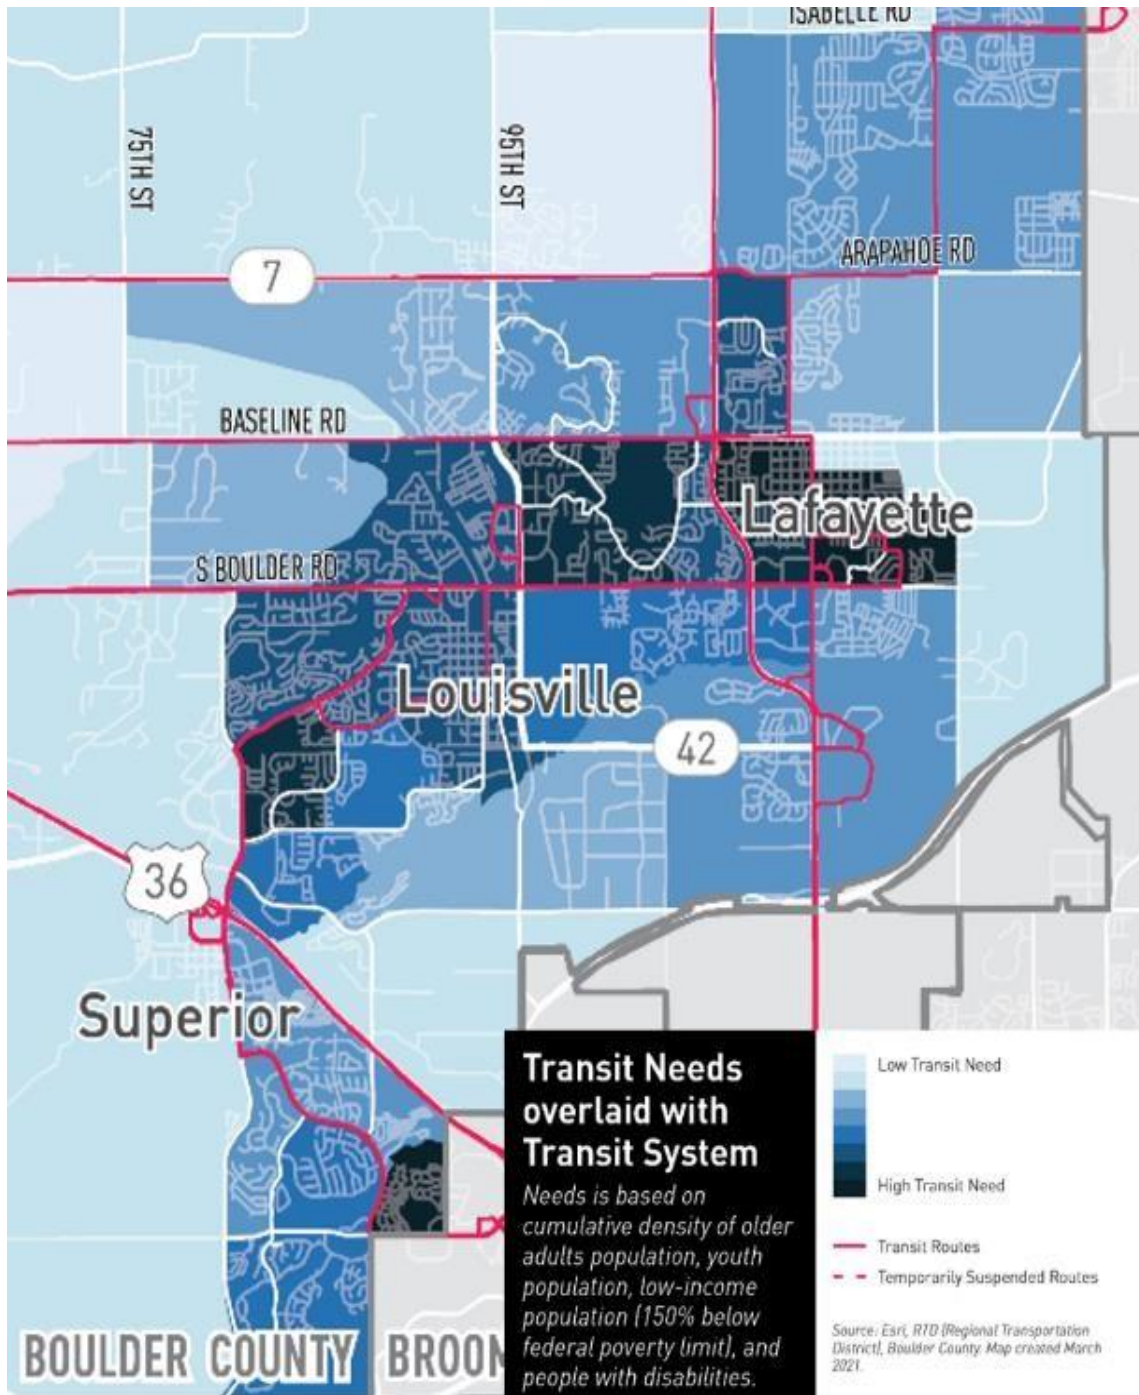

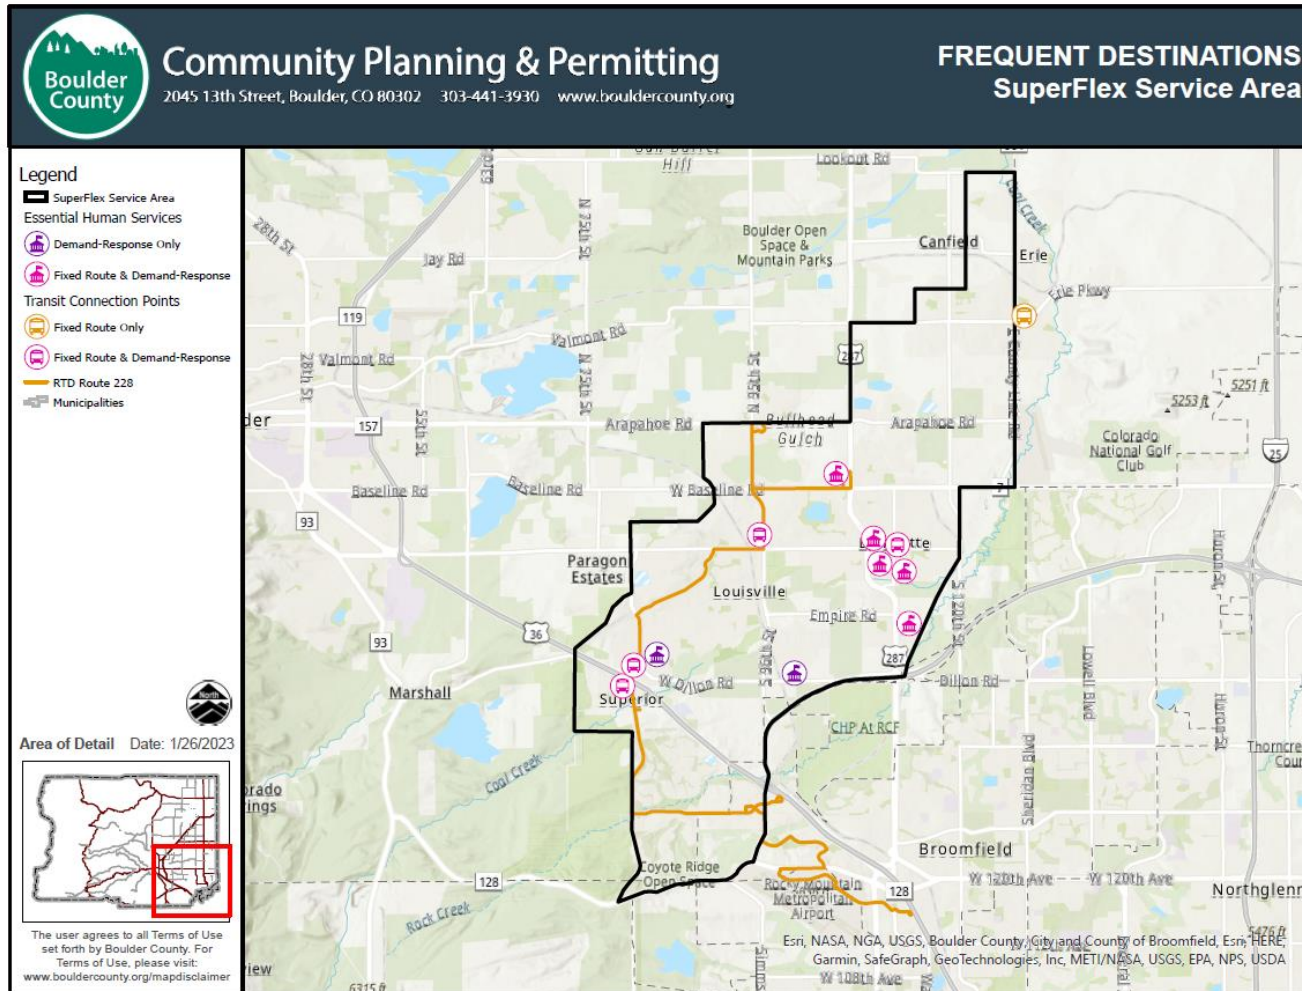

Exhibit 3: SuperFlex Service Area

The proposed SuperFlex service area will encompass 31.5 sq. mi. in southeast Boulder County and serve four municipalities: Louisville, Superior, Lafayette, and Erie. The service area was specifically designed to include low-income and senior housing, as well as key basic need destinations, such as grocery stores and health clinics.
