

Board Work Session

Meeting date: September 4, 2024

Agenda Item #: 4

Regional Housing Needs Profiles

Agenda item type: Discussion

Summary

Showcase of the Denver Region Housing Needs Profiles interactive data dashboard.

Background

From September 2023 through July 2024, DRCOG and the consultant team of ECONorthwest, Community Planning Collaborative, and MIG engaged a cross-sector advisory group, the Board of Directors and approximately 200 stakeholders to develop the [Regional Housing Needs Assessment](#). In addition to the report analyzing housing needs, barriers to meeting housing needs and a framework for development of a regional housing strategy, the project team developed the [Denver Region Housing Needs Profiles interactive dashboard](#). The dashboard allows users to explore housing need by regional submarket and local jurisdiction.

DRCOG staff will provide context on how the assessment calculates regional housing need and distributes it to the regional submarket and local jurisdiction levels prior to a demonstration of the interactive data dashboard.
