

Transportation Advisory Committee

Meeting date: October 28, 2024 Agenda Item #: 6 (Attachment D)

Public Engagement Plan Update

Agenda item type: Discussion

Summary

Staff have initiated an update to DRCOG's public engagement plan, which is periodically updated as conditions change in the region.

Background

DRCOG's <u>public engagement plan</u> was originally adopted in 2019 and amended in 2021. The plan serves as a guidebook for staff, a written declaration of DRCOG's principles of public engagement, and documents the actions carried out by DRCOG to ensure that opportunities exist for the public to be involved. The plan ensures that DRCOG seeks early and ongoing input from people and organizations throughout the region, is responsive, and addresses ideas and concerns raised.

Since the amendment in 2021, DRCOG has developed new plans and programs, refined existing strategies and explored equitable engagement strategies. The update is planned to include:

- Information on virtual strategies, enhanced following the COVID-19 pandemic.
- Evaluation of piloted innovative public engagement strategies.
- Additional content regarding requirements and engagement techniques for Regional Planning and Development and the Area Agency on Aging.
- Minor revisions to increase readability and usability.

Staff initiated the update over the summer and are currently conducting internal and external stakeholder outreach. The tentative schedule and milestones include:

- Initial scoping and review: July 2024.
- Stakeholder outreach: October 2024
- Document development: November-December 2024
- Public and stakeholder review: January-February 2025.
- Recommendation and adoption: March 2025.
