Agenda Item #: 14

Administrative modifications to the 2026-2029 Transportation Improvement Program

Agenda item type: Informational item

Summary

October 2026 administrative modifications to the 2026-2029 Transportation Improvement Program.

Background

Per the Board-adopted [Policies for Transportation Improvement Program Development](#), administrative modifications to the [2026-2029 Transportation Improvement Program](#) are reviewed and processed by staff. Administrative modifications represent revisions to projects that do not require formal action by the Board of Directors.

After the Board is informed of the administrative modifications, the modifications are processed and posted on the [Transportation Improvement Program web page](#). They are then emailed to the Transportation Improvement Program Notification List, which includes members of the Transportation Advisory Committee, the Regional Transportation Committee, project sponsors, staff of various federal and state agencies, and other interested parties.

The project adjustments to the CDOT Region 1 US85 project are contingent upon Transportation Commission approval at their October 15th meeting.
