SCI Northwest Corridor Working Group – Agenda for Meeting #6

9:00 am-11:00 am, Wednesday, March 5, 2014; Louisville Public Library

Meeting Purpose: Provide input into stakeholder engagement efforts and discuss expectations for the remainder of the process.

Welcome, Introductions and Agenda Overview

Goal: Provide a recap of the last meeting, review the meeting summary, and review and modify the agenda as needed.

- Corridor Stakeholder Committee Update

Overview of Stakeholder Engagement Efforts

Goal: To inform the CWG about corridor stakeholder engagement efforts:

- Samaria Crews, FRESC, will provide an overview of the methodology to obtain stakeholder input and the overall themes of the feedback. The full group will discuss whether input is consistent with the vision and goals, and how feedback should be incorporated if not.
- Kathleen Osher, Transit Alliance, will provide an overview of the curriculum, format and recruiting efforts of the upcoming Northwest Corridor Citizens' Academy. The full group will provide input to help customize the program for the Northwest Corridor and recruit participants
- Ken Snyder, PlaceMatters, will provide an overview of the purpose of the corridor public meeting, type of input to be solicited and initial ideas on format and scheduling. The full group will provide input on how to customize the meeting to this corridor.

Update on the Scopes of Work for the Catalytic Site and Corridor-wide Technical Assistance

Goal: Provide an update on the SOWs. Audrey DeBarros/ Genevieve Hutchinson and Chris Auxier/ Aric Otzelberger will review how the SOWs were refined since the last meeting. Paul Aldretti will provide a status update on the schedule for finalization and raise any questions in which full group feedback is needed.

Discuss Next Steps for the CWG

Goal: Determine how the NW CWG would like to review the Corridor Profile and identify objectives for the remainder of the process. The remaining steps for the SCI grant include:

- Finalize the Corridor Profile - Corridor reconnaissance and mapping; opportunities and challenges; vision and goals; and prioritized recommended implementation strategies
- Approve consultant deliverables and final products
- Make a recommendation on future corridor collaborative planning efforts
