

A banner for the Denver Region Sustainable Communities Initiative. It features a photograph of a modern residential building with a paved walkway and a fence. The text 'Denver Region Sustainable Communities Initiative' is written in a white, cursive font over a blue background. Below the title are the logos for SCI (Sustainable Communities Initiative) and DRCOG (Denver Regional Council of Governments) with the slogan 'We make life better!'.

Denver Region Sustainable Communities Initiative

Acknowledgments

A program as broad and complex as the Sustainable Communities Initiative cannot be accomplished without the direct collaboration and support of many partners, organizations and individuals. SCI has benefited from the participation of many individuals and groups through the Executive Committee, the Metro Vision Planning Advisory Committee and the Corridor Working Groups in the East, Gold and Northwest corridors. Additionally, residents, business people and other stakeholders from the corridors and throughout the region have provided their thoughtful input through the Citizens Advisory Committee and Corridor Stakeholder Committees. Finally, numerous partners supported the corridor planning efforts and stakeholder engagement processes.
