THE DATA PORTAL

Overview and Demonstration

DRCOG
DENVER REGIONAL COUNCIL OF GOVERNMENTS

We make life better!

OVERVIEW

What is the Data Portal

Benefits of using the Data Portal

Status and Implementation

What is the Data Portal?

- Online application for data exchange between DRCOG and its members

- Log in only to accommodate sharing data that may be restricted

- Primary way to provide data to DRCOG when a data request is made

Benefits of using the Data Portal

- Invitation only site

- Data is secure

- Communicate through Disqus threads

- License agreements loaded in with data

- Data will not get lost

- DRCOG will distribute data to members

Status and Implementation

- Just completed beta testing

- Tentative workshop dates:
  - Thursday, October 30th
  - Wednesday, November 5th

- Tentative webinar:

  - Thursday, November 6th

- We will use the Data Portal for 2015 requests starting in January

DEMONSTRATION

Summary

- The Data Portal will improve data exchange and communication

- Training opportunities will take place in late October and Early November

- January 2015 will be the first official request using the Data Portal
