1:15 – 3:30 p.m. Metro Vision Implementation: Mile High Compact 2.0?

In 2000, local governments from throughout the DRCOG region came together to sign landmark intergovernmental agreement (IGA) called the Mile High Compact. Through this IGA, local governments recognized the role of local comprehensive/master plans, and their connection to Metro Vision 2020 (adopted in 1997). While the Denver region has changed, so has the Metro Vision plan. The latest version of Metro Vision represents years of effort by directors and staff to arrive at a unanimous vote to adopt the plan in 2017. The entire structure of the plan was reworked to align with the strategic planning model being used throughout DRCOG.

This session will:

- *provide a retrospective analysis of Metro Vision 2020 and the Mile High Compact; and*
- *provide an opportunity to look forward and strategically evaluate opportunities to align local and regional initiatives with the current Metro Vision plan for greater collective impact.*

3:30 – 3:40 p.m. Wrap-Up

DRCOG's executive director will highlight key initiatives and decisions the Board will consider in the coming months.
