CRITERIA FOR SELECTION
JOHN V. CHRISTENSEN MEMORIAL AWARD

In October 1972, the Denver Regional Council of Governments created the John V. Christensen Memorial Award to be presented to the person, or persons, most exemplifying the tradition of John V. Christensen in promoting and working for good, strong, representative local government and regionalism in solving mutual problems.

Eligible Are:

- Any elected official or private individual, excluding DRCOG staff members and DRCOG Performance and Engagement Committee members.

- Residents of Adams, Arapahoe, Boulder, Clear Creek, Douglas, Gilpin, Jefferson, or Weld counties, the City & County of Broomfield and the City & County of Denver.

- Individuals making substantial contributions to the Philosophy of Regionalism, either during the past year or over a longer period.

- Nominees whose names have been submitted for consideration the previous two years.

The Nominee(s) must have demonstrated dedication to regionalism by:

- Promotion of coordination and cooperation among citizens and local elected officials in a continuing effort to solve regional problems.

- Recognizing that jurisdictional boundaries are not barriers to the solution of such problems.

- Providing leadership to, or support for, the concept that strong local government representation is the basis for regional accomplishment.

Nomination Process:

- Nominations must include a description of the achievement, accompanied by an explanation of the nominee’s (nominees’) philosophy of regionalism. The narrative should be in sufficient detail to assist the Performance and Engagement Committee in its selection.

- If nominations are not submitted online, they must be mailed to the DRCOG Performance and Engagement Committee, at 1001 17th St., Suite 700, Denver, CO 80202 by January 25, 2019 for judging by the Committee at its February meeting.

- If the Performance and Engagement Committee determines that no nominee fully meets established criteria, no award will be made.

- Announcement of the winner and presentation of the award will be made at the DRCOG Awards Dinner.

If you have any questions concerning the nomination process, or the criteria for selection, please contact Connie Garcia, Executive Assistant, at 303-480-6701 or cgarcia@drcog.org
At the awards event the recipient of DRCOG’s highest accolade, the John V. Christensen Award, is announced and recognized. Previous recipients include the following regionalists.

1. The AAA first session was great. The session was attended by members that knew some or more about AAA so the presentation evolved into a great discussion and learning experience. The second Trans session was also great and it to became a discussion that enhanced the conversation. 8/30/2018 10:26 AM

2. Regrettably, I missed them. Did not arrive in time. 8/28/2018 3:52 PM

3. I've been to these in the past so didn't attend them this year 8/28/2018 3:24 PM
The Friday evening events were beneficial. (DRCOG year in review, Chair's opening remarks, Social time, networking with other Directors and staff.)

1  Good mix of updates and social time. 9/4/2018 9:32 PM

2  The social time worked better than last year. As usual, too many people too little time but flowed well. 8/30/2018 10:26 AM

3  Enjoyed socializing! 8/29/2018 1:19 PM

4  I really like how we've made the focal point of Friday night a time for mingling with board members and staff. It's the best opportunity we have all year for informal learning from one another and to build closer relationships, which is critical for all of the DRCOG board's work. I appreciate that the remarks were succinct, and thought it was nice for Doug to focus on past accomplishments for the year. While not hugely impacting, the Chair's comments regarding ballot initiatives was a bit inappropriate or premature since the DRCOG board has yet to weigh in on them and I thought his depiction of the two transportation initiatives working well together was inaccurate. 8/28/2018 3:24 PM

1. It's helpful to get out of town. Mountain locations like Keystone are preferred. 9/4/2018 9:32 PM

2. It is so important to meet out of town away from distractions. It definitely allows greater focus. 8/29/2018 10:22 AM

3. Out of town venues are desirable when the Board has to communicate/discuss strategic items and come to a consensus...it seemed like the discussion in Brad's session was cut short - we didn't get a chance to discuss the information each Board Member wrote on the paper...it would have been nice to hear from each Board Member and build toward a consensus of ideas/themes so staff could move forward...if there are sessions that are educational/informational, consider a work session or informational presentation at the Board Meeting. 8/28/2018 4:00 PM

4. Still believe we could have an effective workshop in or around Denver. 8/28/2018 2:40 PM
The food and refreshments provided by the Keystone Resort were satisfactory.

<td>My biggest problem with this retreat is that it was all powerpoint and talking at us. Other than social time there was really no opportunity for engagement or interaction. I felt like this was just a lot of information directed at us without any opportunity for us to dig in and provide any real value back. This kind of agenda could have been done in a conference room in Denver. It was informative, but not engaging or interactive. I did not feel like this was worth my time to participate and would not participate in the future unless the format was dramatically changed to be more interactive, focused on getting some work done for the board, not just educating the board as to what is going on and what is on the horizon.</td>
