# Countywide Project Evaluation

- ◆ Intent:
  - ◆ Is to provide an opportunity to fund countywide priorities, while still maintaining the policy focus of supporting centers and the corridors that serve them and reinforcing regional priorities
- ◆ A forum established within each county
  - ◆ Make-up: County and local staff (recommendations must go to appropriate elected body)
  - ◆ Establish evaluation criteria, but must follow PSRC's policy framework (e.g. support of centers and corridors that serve them)
- ◆ Broadens the definition of centers to include locally designated centers identified by the countywide planning process
- ◆ Funds can be used on any federal functionally classified roadway

# Regional Project Evaluation

- ◆ Intent:
  - ◆ To select a limited number of regional, high-priority projects
- ◆ Number of Applications = 36
  - ◆ 6 each from Kitsap, Pierce and Snohomish Counties
  - ◆ 12 from King County
  - ◆ 2 each from WSDOT, Sound Transit, Puget Sound Clean Air
- ◆ Categories of projects
  - ◆ Regional Growth Centers
  - ◆ Manufacturing/Industrial Centers
  - ◆ Corridors serving Centers
