

AGENDA

DRCOG REGIONAL TRANSPORTATION OPERATIONS WORKING GROUP

Wednesday, March 27, 2013
1:30 PM to 3:30 PM

Independence Pass Conference Room
(West Side on Ground Floor)
1290 Broadway

1. Welcome/Introductions
2. Denver Signal System Procurement (5 min.)
 - Denver has the demo systems setup and connected to a variety of controllers to be encountered in the region.
3. Traffic Signal System Improvement Program Update (60 min.)
 - Review of ideas/concepts and other comments discussed at last meeting
 - Discuss specific questions:
 - Are there other types of improvements to consider?
 - Does the group need to revise the program's goals and objectives?
 - How should the group deal with this selection process while relying on a separate effort from DRCOG's to prepare a matrix or decision tree?
 - Does the group feel funds need to be moved from TSSIP pool to ITS pool?
 - Should the group define programmatic pilot implementations for some advanced operations?
4. CDOT's RAMP (20 min.)
 - Public-Private Partnerships and Public-Public Partnerships for operations capital projects that are integrated with the state highway system and meet other criteria may be selected to supplement local funds for implementations before December 2017.
5. Ownership and Maintenance Map Update (10 min.)
 - The information on the CCTM web site only partly does what was proposed.
6. ITS Architecture Update (15 min.)
 - Outline of adaptation of current ITS Architecture to RCTO
7. Other Items/Announcements (10 min.)
 - Virtual Data Sharing Framework Pilot Region Update
 - Next regularly-scheduled meeting April 24th (which conflicts with the new date for the FHWA *Traffic Signal Operations – Basic Service Approach* Workshop)
