

# Agenda: Regional Vision Zero Work Group Meeting

Tuesday, September 12, 2023

10:00 AM – 11:00 AM

Remote meeting

Please join via [Zoom](#)

## 1. *Taking Action on Regional Vision Zero Strategic Update Workshop #6*

Objective 5: Increase Funding and Resources

The region will take measures to increase funding and allocation of resources for programs and projects that improve traffic safety. Strategies may include prioritizing safety projects in the Transportation Improvement Program (particularly those along the regional High-Injury Network or address a crash profile), dedicating Capital Improvement Project funds to traffic safety projects or providing grant-writing support. Increased funding will be critical to the region's ability to implement many of the key traffic safety improvement projects in a timely manner.

## 2. Brief Overview of Regional Vision Zero Story map
