SCI East Corridor Working Group – Meeting #2

1:00 pm – 3:30 pm, May 2, 2013
Stapleton Foundation, 7350 E. 29th Ave., Suite 300.

Agenda

Welcome, Introductions and Agenda Overview
Goal: Provide a recap of the last meeting and review and modify the agenda as needed.

Review CWGs Purpose and Expected Work Plan
Goal: Review the mandate of the group, including the expected outcomes of the process and associated schedule, and refine as needed.

Discuss Benefits and Considerations for Corridor Planning
Goal: Reconnecting America will share insights on benefits and considerations for planning for TOD implementation at the corridor scale, based on their experiences on the West Corridor and projects in other parts of the country. Ismael Guerrero will add his perspective as a West Corridor participant and decision-maker. The group will discuss how these insights apply to the East Corridor.

Review and Discuss East Corridor Baseline Data and Mapping
Goal: Reconnecting America will provide an overview of East Corridor reconnaissance and baseline data and mapping. The group will then discuss any questions and needed modifications in order to finalize this information at the next meeting. Requested input includes:

- Did we miss any relevant planning efforts or other activities in the corridor reconnaissance?
- Does any of the information require further clarification?
- Is there any additional baseline data and mapping that would be helpful to include?
- Was any of the baseline information surprising to you? If so, why?
- What do you see as key themes from this information?
- After considering this information, what makes the East Corridor unique? Where are specific opportunities? What are specific challenges to address?

Review Action Items/ Next Steps
