SCI East Corridor Working Group – Meeting #5

*August 14, 2013, 2:30 pm – 5:00 pm
Stapleton Foundation, 7350 E. 29th Ave., Suite 300.*

Agenda (As of 8/8/13)

Meeting Purpose: *Refine the Draft Corridor Vision and Goals, outline the evaluation criteria and selection process for the catalytic site and begin to discuss recommendations for implementation*

Welcome, Introductions and Agenda Overview

Goal: Provide a recap of the last meeting, review the meeting summary, and review and modify the agenda as needed.

Overview of East Corridor Public Meeting

Goal: Ashley Kaade, DRCOG, and Jocelyn Hittle, PlaceMatters, will provide an overview of the purpose of the September 24th East Corridor public meeting, type of input to be solicited and any support needed from the CWG members.

Refine the Draft Vision and Goals

Goal: The group will refine the Draft East Corridor Vision and Goals. Questions may include:

- Are you missing any key components? Are there any components that are not as high of a priority and should be deleted?
- If progress is made on these goals in the next five years, do you feel like the East CWG would have done what you think it should be doing?
- Is this a realistic mandate?

Discuss Resources Available for Technical Assistance and Refine Evaluation Criteria and Selection Process for the Catalytic Site

Goal: Paul Aldretti, DRCOG, will provide an overview of technical assistance resources available. He will provide an overview of the catalytic site draft evaluation criteria and the group will provide feedback in order to refine them. The group will also discuss the overall selection process. Resources are available to:

1. Develop baseline information to identify recommended implementation strategies or refine them; and
2. Conduct pre-development planning at the specific transformative “Catalytic Site”.

Discuss Initial Priorities for Developing Recommendations for Implementation

Goal: The group will provide feedback to help Reconnecting America refine potential Recommendations for Implementation for review at future meetings. They will also provide specific input on the resource matrix. Questions may include:

- Are any of the goals a higher priority to focus on?
- Is more information needed to better understand specific needs/opportunities for the outlined goals?
- What are current efforts that are supporting the goals and where are there gaps?
