One United Region, One United Grant Application

- Limited resources
- EPA:
  - **Awarding no more than two grants** to applicants at the same level of government within a single CPRG jurisdiction.
  - Ensure **diverse geographic coverage** of funding
  - Encouraging collaboration and big projects
  - Two grants puts decision making into the EPA’s hands, not ours
  - If individual agencies apply for smaller grants on their own, we risk losing out on a large, collaborative grant.
