

COLORADO

Department of Public
Health & Environment

Dedicated to protecting and improving the health and environment of the people of Colorado

Mr. Douglas Rex
Executive Director
Denver Regional Council of Governments
Denver, CO 80203

June 20, 2019

Dear Mr. Douglas Rex:

The Colorado Air Pollution Control Division (APCD) has reviewed your agency's routine conformity determination for its updated Regional Plan. The APCD agrees that the amended 2040 Regional Transportation Plan and 2018-2021 Transportation Improvement Program conforms to the State Implementation Plans and emissions budgets for ozone precursors, PM-10, and carbon monoxide.

The MPO's and the Air Pollution Control Division's (APCD) analyses indicate that emissions budgets for these pollutants will not be exceeded in any of the project or plan horizon years. Therefore, the APCD concurs with this conformity determination.

Should you have any questions, please contact Richard Coffin at the APCD, at 303-692-3127 or at richard.coffin@state.co.us.

Sincerely,

Richard Coffin, Transportation Planner
Air Pollution Control Division
