40 Years of Change
Colorado block-level Demographics

Jim Castagneri
US Census Bureau
Denver
The Framework for a Decennial Census: Census Blocks

• First defined nationwide in 1990 with the advent of the TIGER system
• Serve as the foundation for all statistical and political geography
• Bounded by TIGER ‘edge’ features such as:
  • Named roads
  • Rivers
  • Railroads
  • County boundaries
  • City limits
• Roughly equivalent to city blocks in urban areas
2000 Blocks
