2020-2023 Regional Share Process

1. Applications
- Project applications submitted by Subregions, CDOT, RTD
- Up to three from each subregion, two each from CDOT and RTD
- DRCOG staff review for eligibility

2. Scoring
- Eligible applications scored by DRCOG staff

3. Recommendations
Review Panel / Total Score Review
- Identify top submittals
- Sponsor presentations
- Prepare a funding recommendation

4. DRCOG Approvals
Transportation Advisory Committee (TAC)

Regional Transportation Committee (RTC)

DRCOG Board of Directors
Final Approval

1. Applications submitted by each subregional forum, CDOT, and RTD. DRCOG staff reviews submitted applications for eligibility.
2. A panel of DRCOG staff then scores eligible applications against criteria. DRCOG produces an average score for each application.
3. The Regional Share TIP Project Review Panel is comprised of one technical member from each of the eight subregions, one CDOT representative, one RTD representative, and three subject matter experts (one member each from the RAQC, Bicycle Colorado, and the Colorado Motor Carriers Association). The panel:
   a. Reviews DRCOG scoring and identifies the top tier of submittals (approximately twice the available funds).
   b. Hears presentations from project sponsors for top tier submittals.
   c. Develops a final funding recommendation.
4. The panel's funding recommendation will be taken through the MPO approval process (TAC, RTC, and Board).

2020-2023 Subregional Share Process

1. <u>Preparation</u> (October - December 2018) – Subregional forums prepare for subregional allocation process.
   - Subregional application: Subregions can use the regional application as is or may change the weighting and/or add additional questions. If the application is adjusted, it must be reviewed by DRCOG staff.
     o During this time, DRCOG will release a subregional application template.

2. <u>Applications</u> (January – February 2019)
   - The Subregional Share Call for Projects opens for 8 weeks after the regional projects have been selected.
   - DRCOG assigns funding targets to each subregion by funding type and year.
   - Develop project lists: Subregional applications are submitted to the subregional forums. Goal is that total projects submitted equal at least 200% of funding target.
   - CDOT/RTD concurrence will be due soon after call opens. Applicants are responsible for requesting required concurrence.

3. <u>Scoring</u> (March 2019)
   - Staff from each forum will score projects.
   - Each forum prioritizes and prepares a funding recommendation within their funding target.

4. <u>Recommendation</u> (April 2019)
   - Each forum's funding recommendation is due to DRCOG in early April.
   - Subregions present their recommendations to the Board of Directors.
   - DRCOG works with sponsors on project scopes and funding types to begin development of the draft TIP document.

5. <u>Approval</u> (April - May 2019)
   - TAC and RTC recommendation on the subregional projects.
   - Board action on the subregional projects.

6. <u>Final TIP Adoption</u> (June – August 2019)
   - TIP public hearing document is released.
   - TIP public hearing.
   - TAC and RTC recommendation on TIP document.
   - Board action on TIP document.
